Foreign Affairs Section Station File No..... Date.....

24-2-43

SUBJECT: Change of status of Mr. E.A. David.

Mr. E.A. David, presently residing at 565 Wayside Rd, arrived in Shanghai, accompanied by his parents Mr. A. and Mrs H. David, from Europe in May, 1939. They were all considered to be German Jewish refugees.

Mr. A. David, head of the family, died on the 3-2-40.

Being of Aryan blood Mrs H. David, widow, applied to the German Consulate and had her expired passport renewed, whilst her son's document was not prolonged owing to his Aryan-Jewish descent.

In Sept. 1942, when filling in the Pao Chia census forms, Mrs David described herself and her son as German. However, only she was issued with an Axis resident certificate whilst her son's document was stamped with a "J".

On the 20-2-43 E.A. David proceeded to the German Consulate where he applied for the prolongation of his passport, which was refused. The Consular Authorities, however, stamped the Pao Chia census form, which was in his possession, to the effect that "persons mentioned on the list are German nationals".

On the strength of this, the Yulin Rd St. Pao Chia Office issued E.A. David with an Axis resident certificate.
